

2019 Corporate Overview

Established in 1981, Yellowstone Kelly's Catering provides mobile remote feeding and support to government, corporate and private clients throughout the Western United States. Experienced in large-scale events, disaster relief, industrial support scenarios, construction camps, film and motion picture location support and major equipment rental, Yellowstone Kelly's Catering is the most experienced mobile foodservice operator in the region.

We provide the capability to feed a full round of hot meals per day to 2000+ adults, and the ability to provide mobile laundry, mobile shower and potable water to the demands of natural disasters where infrastructure is compromised and demand for our services is immediate and urgent.
